Ms. Miyashiro,

Please let Judge Koh know that I, an EPA attorney, and my wife are both working as Census enumerators, my wife in Prince George's County, MD and I in Baltimore City, MD.

Both our supervisors have told us that we are wrapping up tomorrow. My wife attended a meeting with her supervisor and case team today and stated that it appears that her team has been reduced and enumerators have been let go.

My wife has been told not to enter availability past tomorrow. Please see that attached photo of the text messages from her supervisor.

Respectfully,

Jared Hautamaki
